Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Wednesday 02 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rather cloudy this evening with heavy showers overnight.

This Evening and Tonight:
Turning cloudier and breezier this evening and overnight, with showers arriving from the south. These showers will turn heavy and possibly thundery at times, becoming largely confined to Cumbria by dawn. A Mild night. Minimum temperature 9 deg C (48 deg F).

Thursday:
Showers over Cumbria will gradually clear northwards through the morning. Otherwise, it will be a generally cloudy day with occasional sunny intervals too. Feeling warm, but cooler than previous days. Maximum temperature 23 deg C (73 deg F).

Outlook for Friday to Sunday:
Fine and dry on Friday and Saturday, however feeling cooler than previous days, although still warm. A more mixed day on Sunday with sunny intervals and showers. Winds light throughout.
